

Mowers / Mulching Machines

Magnum Mulcher

- 96-inch mulching head with fixed hammer teeth
- Powered by a modified articulated carrier, delivering 180 hp
- Hydraulic high flow kit provides maximum hp to the mulching head
- Low ground pressure, high flotation tires for unimproved site conditions

Mowers / Mulching Machines

FECON Tracked Mulching Machine

- Designed for all terrain and severe duty on steel tracks
- Powered by a Caterpillar 8.9L 350 hp engine
- Ground pressure of 3.9 lbs. per square inch allows for operation in marshy areas
- 21-inch ground clearance

Mowers / Mulching Machines

Prentice 2764 Hydro Ax

- Designed for moderate terrain on rubber tires
- Powered by a Cummins 6.7L 220 hp engine
- Hydrostatic transmission for efficient power distribution
- Travel speeds up to 15 mph and mowing speeds up to 5 mph

Mowers / Mulching Machines

Slashbuster — Tracked or Rubber Tired

- Excavator with a 48-inch cutting width attachment
- Capable of cutting and mulching to eliminate debris disposal and burning
- Ideal for rights-of-way with steep slopes and hard-to-reach areas

Mowers / Mulching Machines

Skid Steer With Mowing Deck

- Powered by a 92 hp diesel engine
- Rubber track undercarriage with a low ground pressure of 3.9 PSI
- 72-inch mowing deck

Mowers / Mulching Machines

Right-of-Way Tractor With Rotary Cutter

- Custom 90 hp mowing tractor
- Complete operator protection from penetration hazards
- High flotation tires and brush guards
